Company Profile

About us

Founded in 1821 in Casalfiumanese as a workshop for the artistic production of wrought iron artefacts, the business founded by Domenico Marocchi has been working for 200 years in the Imola area and the Santerno valley. The company's history begins with the passion for the creation of everyday objects and tools for the wrought iron agricultural sector, cultivating accuracy regarding detail and attention towards the customer. The activity, handed down from generation to generation, has involved in step with needs of the market by introducing new support machinery which led the company to grow, reaching a higher level of quality, especially during the years of the construction boom. In the nineties, Marocchi aligned itself with market needs by dedicating itself to a sector that still represents its main source of pride and esteem in the world: the production of furniture for the display of ceramics. With his market the company carves out a large space for itself at both a national and international level by participating in the most important trade fairs in the selector. Today the Marocchi Group thanks to its ability to evolve in step with the needs of the market and customers, has 20000 mq of property, divided into different factories dedicated to different activities and products produced all over the world.

Nata nel 1821 a Casalfiumanese come bottega per la produzione artistica di manufatti in ferro battuto, l'attività fondata da Domenico Marocchi, lavora da 200 anni nel circondario imolese e nella vallata del Santerno.

La storia dell'azienda inizia dalla passione per la creazione di oggetti di vita quotidiana e attrezzi per il settore agricolo in ferro battuto, coltivando l'accuratezza riguardo il dettaglio e l'attenzione nei confronti del cliente. L'attività tramandata di generazione in generazione si è evoluta al passo con le necessità del mercato introducendo nuovi macchinari di supporto che portano l'azienda a crescere raggiungendo un livello di qualità superiore soprattutto negli anni del boom edilizio.

Negli anni Novanta Marocchi si allinea alle esigenze di mercato dedicandosi a ciò che tuttora rappresenta la sua principale fonte di orgoglio e stima a livello sia nazionale che: la produzione di mobili per l'esposizione di ceramiche.

Oggi la Marocchi Group, grazie alla sua capacità di evolversi al passo con le esigenze del mercato e della clientela conta 20000 mq di proprietà, suddivisi in diversi stabilimenti dedicati a diverse attività e prodotti cosciuti in tutto il mondo.

The Group

Marocchi

It was founded in 1821 and almost 200 years it has been involved in the design and creation of exhibition systems and showrooms or the ceramic building sector. The high quality of the work and materials used to create products that can be customized according to customer needs are the trademark that distinguishes them even beyond Europe's borders.

Nasce nel 1821 e da oltre 200 anni si occupa della progettazione e realizzazione di sistemi espositivi e showroom per il settore edilizio ceramico. L'elevata qualità del lavoro e dei materiali utilizzati per la realizzazione dei prodotti personalizzabili in base alle esigenze dei clienti sono il marchio di fabbrica che li contraddistingue anche oltre i confini europei.

ML Systems

The dynamic and young company founded in 2005 deals with the architecture and construction of stands trade fairs, wooden displays, interior furnishing and finishes for shops, offices and contracts. The great attention and passion, the attention to details, the in-depth knowledge of raw materials and the use of modern IT systems make the company a reliable partner for "turnkey" projects all over the world.

L'azienda fondata nel 2005 si occupa dell'architettura e dell'allestimento di stand fieristici, espositori in legno, arredi per interni e finiture per negozi, uffici e contracts. Attenzione, passione, cura dei dettagli, profonda conoscenza delle materie prime e impiego di moderni sistemi informatici rendono l'azienda un partner affidabile per realizzazioni "chiavi in mano" in tutto il mondo.

Baruzzi Design

The furniture company founded in 1973 joined the group in 2018, dealing with the design and construction of internal environments in which it's possible to take care of the body and hair. The unique environments designed with dedication and commitment by specialized operators create the perfect atmosphere for the stimulation of emotions and connections with customers.

L'impresa d'arredo nata nel 1973 entra a far parte del gruppo nel 2018 occupandosi della progettazione e costruzione di ambienti interni in cui prendersi cura corpo e del capello. Gli ambienti unici progettati con dedizione ed impegno da operatori specializzati creano l'atmosfera perfetta per la stimolazione di emozioni e connessioni con i clienti.
